PERIMETERPRO
INTEGRATED SOLUTIONS

CAPABILITY STATEMENT · 2026

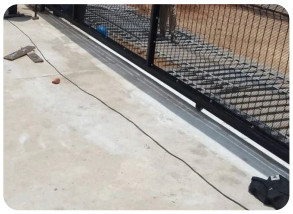

# Security architecture, end to end

## Your perimeter, designed as one intelligent system.

PerimeterPro designs security architecture that integrates physical perimeter protection with intelligent monitoring, then supplies, installs and supports every layer. We protect critical infrastructure, distributed assets, industrial estates, residential estates and homes.

We are a founder led company, established in 2021 and based in Lagos, delivering nationwide with completed projects in all six geopolitical zones of Nigeria.

| | | | |
|---|---|---|---|
| **50+** projects delivered since 2021 | **6/6** geopolitical zones with completed projects | **5 yrs** supplying and installing perimeter fencing | **24/7** remote monitoring with the Virtual Security Guard |

## CORE CAPABILITIES

**Security architecture design**
Site risk assessment, then a layered design for barrier, detection and response

**Electric fencing**
Energisers, alarms and wall top systems

**Chain link and wire mesh**
Galvanised, PVC coated and anti climb mesh

**Palisade and temporary fencing**
Steel palisade, hoarding and crowd control

**Barbed and razor wire**
Concertina coils, barbed strands and wall spikes

**Gates and access**
Sliding, swing and pedestrian gates, motorised

**Intrusion detection and video**
Ajax wireless sensors, photo alarms and cameras

**Virtual Security Guard**
Detection, verification and escalation in one system

**Supply only**
Fencing materials from stock, delivered nationwide

## WHY PERIMETERPRO

- **Founder led**
  Run by people who have guarded sites, built fences and designed detection.
- **Supply chain knowledge**
  Five years in the Nigerian fencing market: the sources, the grades, the real lead times.
- **Large stock**
  Chain link, mesh, razor and barbed wire ready to dispatch.
- **Payment on delivery in Lagos**
  Supply orders delivered at short notice; pay when materials arrive.
- **Nationwide delivery**
  Completed projects in all six geopolitical zones.
- **One accountable team**
  Assessment, design, supply, installation and aftercare by the same people.
- **Launch offer**
  Integrated Ajax systems bought before 31 December 2026 get three months of free monitoring.

## SELECTED PROJECTS

| CLIENT AND LOCATION | SECTOR | SCOPE |
|---|---|---|
| **Grace Villa Estate**<br>Lekki Phase One, Lagos | Residential estate | Electric perimeter fence and concertina wire |
| **Tin Can Island Terminal**<br>Apapa, Lagos | Port infrastructure | Gate installation and perimeter wire mesh fencing |
| **Corletta Energy**<br>Victoria Island, Lagos | Commercial office | Electric fencing for office premises |
| **Private farm**<br>Owode Egba, Ogun State | Agriculture | Chain link fencing on concrete posts, managed for a client based abroad |

Clients also include **NIMASA Headquarters**, **Ocean Marine Solutions** and **Lekki Gardens**.

## WHAT CLIENTS SAY

> When we needed an electric fence for our office premises at Gloria Street, Adeola Odeku, Victoria Island, the professionalism and speed of delivery PerimeterPro demonstrated were impressive.
>
> **King Saheed Ademola**, Corletta Energy

> PerimeterPro did the chain link fencing at my farm in Owode Egba, Ogun State. I was in the UK for the duration of the project, and I was impressed by the transparency and integrity shown by the team.
>
> **Stanley Mudjere**, Farm owner

## HOW WE WORK

**1**
### Assess
Site risk assessment of boundaries, access points and blind spots

**2**
### Design
A written, layered proposal before any work begins

**3**
### Install
Supply, installation, commissioning and training

**4**
### Monitor
Alarms verified and logged, with optional 24/7 Virtual Security Guard

## SECTORS SERVED

- Critical infrastructure
- Telecom and distributed assets
- Industrial estates and warehouses
- Residential estates
- Homes and private compounds
- Construction sites and events
- Farms and agriculture
- Schools and sports facilities

## LEADERSHIP

### Olayiwola
**Founder and Managing Director**

Started in security as a guard, moved into building perimeter fencing and protective infrastructure across Nigeria, and now leads PerimeterPro's integrated model of physical protection, detection, verification and response. Ajax Academy certified specialist in Baseline Intrusion (no. 1786194576109) and Outdoor Security Solutions (no. 1786208958126). Author of the white paper Integrated Security Architecture.
